Report of Superintending School Committee

We recommend the following appropriations for the coming year, viz.:

Common schools,	\$4,250.00
High school,	2,250.00
Text books and supplies including	
High school library,	650.00
Repairs,	550.00

We recommend that the town authorize the school committee to maintain school in the Lowell schoolhouse during the coming year subject to suspension according to law.

W. T. LARKIN,
C. R. SAWYER,
MRS. LULU WATSON,

Superintending School Committee of Belgrade.

Report of Superintendent of Schools

To the Superintending School Committee of Belgrade:

In accordance with the provisions of the school laws, I submit to you and to the citizens of Belgrade my fourth annual report, which is for the municipal year 1921-22.

According to the school census there were resident in the town of Belgrade on April 1st, 1921, 128 boys and 126 girls, a total of 254 persons between the ages of 5 and 21 years, an increase of 12 over the previous year. The enrollment for the fall term was as follows: High School, 45 pupils; Common Schools, 131 pupils. Of the High School pupils six were tuition pupils from other towns.

HIGH SCHOOL

The same fine school spirit continues, and in spite of the many inconveniences under which the school is working, the same thorough, pains-taking work is being accomplished this year as we enjoyed last. Under the leadership of Mr. J. E. Blaisdell and Mrs. Una B. Shattuck who were with us last year and who had the work well organized, hardly a moment was lost in taking up the work where it was laid aside last spring. We have now been put on the "Approved List" and students who get above a certain rank can enter college without taking an examination.

At the coming annual town meeting the citizens will be called upon to consider a matter of vital importance, one on which the future welfare of the schools depends.

For three years now we have been calling your attention to the cramped, inadequate, unsanitary condition of your High School building. It seems almost unnecessary to again call your attention to the overcrowded, poorly heated and poorly lighted study room, to the meager, almost bare "wing" room which has to serve as a recitation room and laboratory—making it

necessary to perform certain experiments after school at night because of chemical odors—to the side hill location of the school building and to the intolerable outhouse conditions.

In the fall we shall have a large entering class knocking on our doors for admission. There will be an enrollment of over 50 pupils for our already overcrowded quarters. If something is not done before Sept. 1, 1924, our building will be condemned for school use. The last legislature passed an act providing that before that date every school building must be equipped with toilets of one of the following types:

1. Flush water-closets.
2. Chemical closets of approved make.
3. Dirt vault privies located at least 10 feet from the outside wall and connected by ventilated separate passageways with the school room or corridor only.

On Monday, Jan. 30, 1922, a committee of investigation composed of 14 representative citizens from different parts of the town met at the High School building to consider the situation with the School Committee. Mr. J. W. Taylor, State inspector, was present; the building was inspected and plans for improvement were discussed.

Owing to the side hill location of the present building, it will be impossible to repair or remodel it in any suitable manner. The policy of erecting a new building which would accommodate both the high school and the village elementary school under the same roof was very favorably considered. As we are now heating and keeping up two buildings it was pointed out that this could be done more easily and at smaller expense under one roof than it is costing at the present time. After considerable discussion the committee was authorized to have definite plans, specifications and estimates prepared and a definite report presented at the regular annual town meeting of this year. Such a report is being prepared and will be ready at the appointed time. This is a matter which deserves the careful attention of every voter in town and should be approached in a business-like manner. What are we willing to do for our children? We do not need fancy, expensive design or finish. We do not want a \$25,000 building like that which has been built

recently in a smaller, poorer town than ours. What we *do* need is a roomy, compact, durable building, carefully planned, conveniently arranged and easily kept up, that will give us real service; a building that will be an asset to the town and a benefit to our children for years to come. The town of Belgrade can easily afford to erect such a building. She has practically no indebtedness. A long strip of her highways is being built by the State and her tax rate is considerably below the average for the State. With her present valuation, by raising 3 or 4 mills on the dollar, each year, in three or four years' time she can entirely pay for a school building without placing a burden on anyone.

COMMON SCHOOLS

In the common schools we have maintained our usual 32 weeks of school. This is about three weeks shorter than the average for the State and should be increased somewhat another year. Under the new method of distribution a large percentage of the apportionment is made on total attendance in school. If our school year is shorter than that in other towns we should receive proportionately less from the State school fund.

At the close of the school year the "Lowell" school was discontinued by law through failure to maintain an average attendance of eight pupils. During the fall term the pupils were conveyed to the village school until the town had authorized the maintenance of the school in that neighborhood.

We have been fortunate this year in having teachers who, with one exception, had taught school before for at least one term and whose training averages higher than the teachers of previous years. Thus, in most cases an unusually high grade of work has been accomplished.

The daily Physical Educational exercises, the supervised noon hour whenever needed, the constant use of the Course of Study and the other school activities have been well sustained. Miss Marguerite Page of Winterport was secured to have charge of "New Century" school and to continue the "Helping" teacher work in the small rural schools.

This year standard repairs have been made at New Century schoolhouse. The woodshed and outhouse has been enlarged and connected with the schoolroom by separate, ventilated passageways. As the lighting had been previously changed, this makes the fourth school building in town which has been remodeled to meet the essential requirements. The "Franklin" schoolhouse has been painted and work on the "Adams" begun.

During the spring term a Public School Exhibition was held in the Grange Hall in connection with the Grange. Every school in town displayed an exhibit of hand work and took part in the excellent program which was presented. A goodly number of parents and citizens were present to show their interest in the schools. Meetings of this sort should be held regularly, for the children enjoy them and through them the home and the school become better acquainted.

APPROPRIATIONS

After carefully considering the needs of the schools your School Committee recommends the following appropriations which are needed for the coming year:

Common Schools,	\$4,250.00
High School,	2,250.00
Text books and supplies for both Common and High Schools, including library,	650.00
Repairs,	550.00

These estimates are nearly the same as last year and are based on the present rate of expense. In the Common School account there is practically no balance and no prospect of a decrease in expense. We are securing our teachers at a lower figure than many of our neighboring towns; we have been fortunate in avoiding unexpected expense this year and have made no allowance for any another year. In short, it is a minimum estimate. On our High School account we have run behind this year and the estimate is based on the present rate of expense. If we erect a new building we can secure good teachers with available funds; if not, we cannot secure as good teachers with the added increase as we have had this year.

The text book and repairs estimate are both the same as last year. We still have an overdraft of about \$50 in the supplies and text books account, but with

good management hope to get along and to overcome it another year. Under repairs we still have much to do. Besides the usual minor repairs which require attention every year, there are three or four more schoolhouses that need painting. Mention has already been made of the required repairs which must be made before Sept. 1, 1924. We have five more schoolhouses at which the toilets must be corrected before that date or they will be condemned. We must plan to paint and remodel at least one this coming season. As we have a balance of \$25.00 for medical inspection no appropriation is needed this year.

In conclusion, permit me to thank the citizens of Belgrade and all others concerned, for the healthy spirit of co-operation which has centered around all school activities.

Respectfully submitted,

R. G. OAKES,
Superintendent of Schools.

Warrant

To George Gowell, Constable of the Town of Belgrade,
Greeting:

In the name of the State of Maine you are hereby required to notify and warn the inhabitants of the said town of Belgrade, qualified by law to vote in town affairs, to assemble at Belgrade Grange Hall in said town on Monday, the sixth day of March, A.D. 1922, at ten o'clock in the forenoon to act on the following articles, to wit:

FIRST—To choose a Moderator to preside at said meeting.

SECOND—To choose all necessary officers for the ensuing year, including one member of Cemetery Committee.

THIRD—To see if the town will vote to have one or more road commissioners and to choose the same.

FOURTH—To see if the town will vote "Yes" or "No" on the question of appropriating and raising money necessary to entitle the town to State aid as provided in Section 19 of Chapter 25 of the Revised Statutes of 1916.

FIFTH—To see if the town will appropriate and raise the sum of Five Hundred and Thirty-three (\$533.00) for the improvement of the section of State aid road or Fifteen Hundred and Ninety-nine (\$1599.00) and complete the said road as outlined in the report of the State Highway Commission in addition to the amounts regularly raised for the care of ways, highways and bridges, the last amount being the maximum which the town is allowed to raise under the provisions of Section 18, Chapter 25 of the Revised Statutes of 1916.

SIXTH—To see if the town will vote to raise money and what sum for the maintenance of State and State aid highways during the ensuing year within the

limits of the town under the provisions of Sections 9 and 18 of Chapter 130 of the Public Laws of 1913 or under the provisions of Section 21 and Chapter 25 of the Revised Statutes of 1916.

SEVENTH—To see if the town will appropriate and raise extra money for State aid highway in order to take advantage of Section 21, Chapter 25 of the Revised Statutes of 1916 as amended by Section 5, Chapter 258, Public Laws of 1917, which provide for towns making additional appropriations and receiving additional aid and a bonus, and if so, what sum.

EIGHTH—To see what sum of money the town will grant and raise for the support of roads and bridges for the ensuing year.

NINTH—To see what sum of money the town will vote to grant and raise for snow bills of the winter 1921 and 1922.

TENTH—To see if the town will vote to grant and raise the sum of \$500 to gravel and widen the Horse Point road.

ELEVENTH—To see what sum of money the town will grant and raise to extend the Hulin road, so called, to the residence of George Gould.

TWELFTH—To see if the town will vote to grant and raise a sum of money to build a shed to house the town's road machines and snow rollers.

THIRTEENTH—To see what sum of money the town will vote to grant and raise to defray town charges for the ensuing year.

FOURTEENTH—To see what sum of money the town will grant to vote and raise to build and equip a High School building and to take necessary action for location of same.

FIFTEENTH—To see what sum of money the town will vote to grant and raise for the support of Common Schools for the ensuing year.

SIXTEENTH—To see what sum of money the town will vote to grant and raise for the support of the Free High School for the ensuing year.

SEVENTEENTH—To see what sum of money the town will vote to grant and raise for the purchase of school books for the ensuing year.

EIGHTEENTH—To see what sum of money the town will vote to grant and raise for the repairs on schoolhouses for the ensuing year.

NINETEENTH—To see if the town will vote to accept the recommendation of the school committee concerning the maintenance of certain schools for the coming year.

TWENTIETH—To see if the town will vote to establish more than one voting place for all elections except town meeting; if so, where.

TWENTY-FIRST—To see if the town will vote to grant and raise the sum of \$500 to gravel the road from Batcheldor's bridge, so called, running north on the Winthrop and Oakland road.

TWENTY-SECOND—To see what sum of money the town will vote to grant and raise to fix the so-called Manley Knowles hill.

TWENTY-THIRD—To see if the town will vote to grant and raise the sum of \$200 to be expended on the Camp Abena road to the farm of Walter Lord.

TWENTY-FOURTH—To see if the town will vote to grant and raise the sum of \$200 to gravel the road from Taylor's Corner to North Belgrade Station.

TWENTY-FIFTH—To see what sum the town will vote to grant and raise for cemetery purposes.

TWENTY-SIXTH—To see if the town will vote to grant and raise the sum of \$100 to cut the bushes and fence the Ellis Cemetery, so-called, on the land of Howard Bickford of North Belgrade.

TWENTY-SEVENTH—To see what sum of money the town will vote to grant and raise to finish painting the picket fence around the cemetery.

TWENTY-EIGHTH—To see if the town will vote to appropriate and raise \$100 to light the street at North Belgrade from Anderson's theatre to the residence of A. M. Spaulding for the ensuing year.
